

JOIN A NEW BREED OF ENGINEERING LEADERS

Founded in 1968 as one of the first biomedical engineering programs in the world, the Case Western Reserve University Department of Biomedical Engineering has established highly successful and comprehensive graduate programs in research and education. The department consistently remains a top-ranked biomedical engineering program for graduate studies.¹ We incorporate state-of-the-art research concepts with fundamental engineering principles to train biomedical engineers to take their place at the forefront of the industry.

PROGRAM OVERVIEW

The program is 30 credits in length, consisting of ten courses.

- Curriculum that keeps you up to speed with new innovations in biomedical engineering
- Cutting-edge research that spans a wide range of new interdisciplinary engineering discoveries and biomedical applications
- Department associated with more than 20 research centers and more than \$41.7 million in current grants
- The program is strongly integrated with industry through job opportunities for graduates, sponsored research and industrial training activities

CWRU AT A GLANCE

- Study at a Top 50 Best Engineering School that provides an extensive network of award-winning faculty and engineering alumni¹
- Classes feature engaging discussions and problem-solving with engineers from interdisciplinary scientific backgrounds
- Develop relationships with peers and teachers, which can turn into valuable networking and mentorship opportunities
- Our user-friendly online learning platform enables students to connect with classmates and professors instantly. Progress is automatically tracked, and students can get in touch with faculty at any time

BREAK THE BOUNDARIES OF INNOVATION

Case Western Reserve University, one of the nation's leading private research universities, is now offering its industry-recognized, comprehensive MS in Biomedical Engineering through a specialized online program. You can earn an advanced engineering degree in as few as ten courses and a comprehensive exam—completely online. Our unique online programs allow you to earn a prestigious degree while working, helping you boost your earnings and advance your career.

State-of-the-art tools and technology. World-renowned faculty.

Case School of Engineering programs have been internationally renowned for more than 125 years. The school has an impressive record of developing a new breed of engineers and engineering leaders—Case Western Reserve faculty and students possess the potential and the propensity to solve society's most pressing problems.

DEGREE AT A GLANCE

- 30 credits
- 100% online
- Learn on your own time with our innovative online learning platform
- 2 starts per year
- World-renowned faculty
- Top 20 Biomedical Engineering Grad School¹

ADMISSIONS REQUIREMENTS

- Completed [CWRU application](#)
- \$50 non-refundable application fee
- 2 letters of recommendation
- Current resume/CV
- Official transcripts
- GRE test scores
- Personal statement

For International Students:

- Official TOEFL scores
- Academic records in languages other than English must be accompanied by a course-by-course evaluation and certified translation in English. You may request an evaluation of your foreign studies from any NACES member. Please visit www.naces.org/members.htm.
